Winter Weekends with CYP

CYP are excited to announce a new weekend programme taking place on four Sundays across November.

Thanks to funding from the Gosling Foundation every session on this programme will be free to sign up for. Spaces are limited each session, therefore we will open the sign-up window until the evening of Sunday 19th October before randomly allocating spaces based on drawing names – we hope this gives everyone a fair chance of involvement. Confirmation of spaces will be sent out via email by Friday 24th October.

Young people should only sign up for sessions they are interested in – there's no requirement to sign up for the entire block. A waiting list will be created in the event that demand exceeds availability.
